Thanks for the nice update. All three brothers in their 90`s.wow. I will be 89 so maybe i`ll make it. I am doing well. I can see, hear, walk without a cane and still play some golf. We are having a real cold winter so far for Alabama. No snow , but some flurries yesterday. I haven`t done to much this year. I went with Suzi and Bob to their house at the beach in Florida a couple of times, visited friends a couple of weekends in Georgia. Bob and Suzi and I drove to Iowa City, Iowa for Thanksgiving to Jessica`s. Nathan is going to orthodontics school at the University. Abby flew up from the University of Miami and we had a great time even though it was very cold. Did not go to Maine this year, just lazy I guess. I am still here in the retirement community and have some real nice people around me so it does help. Have a great holiday and do keep in touch. Warm wishes. Cousin Phil
